

Genesee Joint School District 282 Spectator Guidelines updated January 22, 2021

As you may have already seen, the Governor has updated the plan for spectators for school sports. Below is how the plan will apply to us in Genesee.

Our Gym capacity is 600, so 40% is 240.

We will increase to 4 people/player. Senior players will be allowed 6 people/player. We will do this for visiting teams as well. Please let Mrs. Sperber at the gate know who you are here to watch and she will keep track at the gate.

Regular WPL Admission fees will be charged, and IHSAA and Genesee Sports passes will be honored.

Genesee Cheerleaders are allowed to cheer with their masks on, and they are allowed 4 people each.

ESSENTIAL PERSONNEL are not included in this count.

Masks are required for all spectators, essential personnel and players not actively playing.

Fans will be allowed to stay for BOTH games, and no one has to leave the gym between games, since we will assume they are there the entire time for both games.

The remaining number of fan spots will be opened up to siblings of Genesee players and spouses of essential personnel.
