What's my Role?

DO

- Set them up for success by making sure they are ready to learn.
- Encourage them to stay on task.
- Ensure that your child completes any assignments given by their teacher.
- Stay in communication with your child's teacher about how distance learning is going.

DON'T

- Help them or give them the answers during video chats.
- Spend longer than 20 minutes on a single assignment (Yes, even if it is incomplete or they don't understand it yet!)
- Be worried if your child doesn't grasp the content. Every child learns at a different pace!
