# Graduation Letter

Dear Patrons and Community Members,

We would like to extend a heartfelt thank you to all of those individuals, families and agencies that contributed to our 2022 Awards. This year alone, **60 local scholarships were awarded at graduation totaling over \$40,000**; the most money in the local scholarship program's history.

Students also had the opportunity to earn dual credit while attending Genesee High School. **84% of this year's seniors took advantage of this program and earned a total of 319 college credits** while attending Genesee Joint Schools, with an average of 10 college credits earned per participating student.

From the current class of 2022, 18 of 24 are headed directly on to a college or university to continue their education in the following colleges and universities our students have been accepted to are:

Lewis-Clark State College  
University of Idaho  
College of Southern Idaho  
College of Western Idaho  
Northwest Nazarene University  
Boise State University  
Umpqua Community College  
Brigham Young University  
Washington State University  
Oregon State University  
Utah State University  
North Idaho College  
Regent University

Others will be pursuing vocational training or going directly into the work force.

We know the class of 2022 will achieve great things as they continue their education. But we couldn't have given them all these opportunities without the outstanding support of our community. On behalf of the students and the Genesee Joint School District, we would like to thank you for all your support, scholarships, and guidance you have provided our students over the years.

Sincerely,

Mrs. Wendy Moore, PhD.  
Superintendent
