Welcome Back to School

Welcome BACK^{TO} SCHOOL

What is a Community School?

The Community School model has four Key pillars.

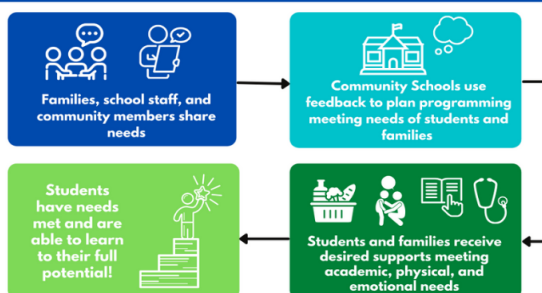

While each Community School looks different, all include the Four Pillars in their planning and programming. These pillars include integrated student supports, expanded and enriched learning time and opportunities, family and community engagement, and collaborative leadership unique to the Genesee Community.

What does a Community School look like in Genesee?

- Early Learning Opportunities like offering Head Start.
- Dual-enrollment opportunities in Early Childhood Education.
- Partnering with community members to provide diverse learning opportunities, like organizing assemblies on nutrition, health, and safety from an array of public speakers.
- Offering students basic hygiene products through our Community Closet.
- Open doors to more grant opportunities.

This position is funded by a grant from United Way of Treasure Valley.

Community School Overview

Questions?

Please contact our Community School Coordinator, Chandra Smith with any questions, great ideas on how to support our students, or for information about resources offered in our community at 208-285-1162 or csmith@sd282.org.

11/7	@ Troy	5:30	4:15

The Genesee School District is proud to announce that J.R. Morrow, our Junior High and High School Agriculture teacher, was honored with a \$5,000 award from the "America's Grow Farmers" Community Grant. This award will go toward the enrichment of our agriculture program. This project was made possible by our local farmers, Alan and Debbie Krick of Krick Farms, who nominated us for this award, and America's Farmers Grow Communities, a Bayer Fund program. America's Farmers, funded by Bayer Fund, is focused on strengthening rural America through two community outreach programs that partner with farmers to make an impact in communities where farmers live and work. The programs have given nearly \$65 million to rural America since 2010.
